Anne Krebiehl MW on clonal diversity in pinot noir 2015 Burgundy

Tasting **laying down 2015 Burgundy**

CÔTE CHALONNAISE

DOMAINE DE LA FERTE

Givry

AK | A touch of (good) reduction. Underneath there is utterly charming, pure, pristine fruit with ultradefinition from tingling, welcome freshness. | **93/100**

Givry Premier Cru Servoisine

AK | Floral lift : carnation and peony, a touch of violet and utterly pure, lovely fruit make for a most inviting nose. The same glorious, harmonious and completely joyful picture continues to delight on the palate : warmth, ripeness, and excitingly tart acidity intersect at the perfect junction. This is juicy and elegant and far too lovely for its own good. You simply can't stop ! This does not mean it won't last – loveliness seems to be assured. | **94/100**

Domaine de la Ferté
